

HOMOPHONES

Look at the picture. It's from a letter written by Lewis Carroll, the famous Mathematician and writer of *Alice in Wonderland*.

Deer (ciervo), se pronuncia igual que *dear* (querida/o). Como él quiere decir "querida" entonces dibuja un ciervo. ¡Si lees en alto no notas la diferencia!
"Deer" and "dear" are homophones.

Can you read these three messages?

R u ok?
